

Dear sir or madam,

It has come to my attention that the national association of broadcasters is trying to stop XM Radio from broadcasting Instant Traffic & Weather. Please reject the petition 04-160. The NAB is infringing on XM's first amendment right to free speech. As a customer of XM, and a voter, I am concerned that I cannot enjoy the programming that I PAY FOR. As a truck driver, I rely on the weather and traffic channels that XM provides. Since the "Jannett Jackson incident" it has been more and more difficult to find programming that I enjoy without everything being censored. Once again please reject the petition from the NAB and let me and the rest of America enjoy the services that we PAY for. Thank you.

Sincerely,  
Shawn Duffer
